March 2024

Message from Mrs Carter, Headteacher

Another month has passed already and we continue to be extremely proud of our students at Washington, this has been a busy month and will only get even busier as we prepare our Year 11 students for their upcoming GCSE exams – by the time you read this we will likely have less than 7 teaching weeks before the first exam!

We have had several visits this month and I am delighted to inform you that they have all been very positive with some excellent feedback about our students and staff.

The quality of teaching our curriculum is going from strength to strength and the evidence of this is seen in lessons where students are actively engaged in their learning and through their books, which they are taking great pride in.

Our behaviour has been described by visitors as “exemplary” for both in lesson and at social times including break and lunch. Our pastoral team continue to work with our students who need further support and it is excellent to see our families really engaging and working along side the pastoral team as we support our young students together.

The opportunities offered to our students is growing by the day as we now have several abroad trips in the planning and many weekend trips coming up, our after school clubs continue to be very popular with Pokeman club being an example of this. You will have hopefully seen the positive articles making the press – for example the Sunderland football one!

As always, if you wish to discuss anything or have any concerns please contact reception who will direct you to the right people in school to deal with any queries you may have!

Mrs Carter
Headteacher

School Theatre Trip

Last week we enjoyed a trip to Sunderland Empire to watch Shrek the Musical.

More theatre trips announced in this bulletin!

Washington Academy students visit Hartlepool Power Station

On Thursday 8th February a group of geographers attended a behind the scenes tour of Hartlepool's EDF power station, an often-restricted part of the world!

As part of this tour students were given a detailed discussion surrounding nuclear fusion and how electricity is made and informed of key job opportunities within the nuclear sector, from scientist jobs through to the powerplant cleaners. Then they were kitted up in safety equipment, including helmets, ear defenders, Hi-Vis Jackets and protective eye wear and embarked on an hour tour of the power station.

All the students who attended this trip were a fantastic representation of Washington Academy and were engaged with the tour guides at every point! We are looking forward to additional trips in the future to the Power Station with trips planned for November 2024!

Our Geography Department have additional trips to the Lake District and a Waste for Recycling Plant coming up soon. Students can see Mr Fargent for details.

Enrichment Day 2024

Back bigger and better than before!

Enrichment Day is a key part of our Festival Weeks which run through the last two weeks of the summer term. This week students have started to select their chosen activity for Enrichment Day on **Friday 12th July 2024**. Students are selecting a first, second and reserve choice activity. Then through a random allocation, students will be allocated one of their choices.

Students are choosing from fantastic opportunities such as Flamingoland, Edinburgh Zoo, Super Tramp Sunderland, The Beacon of Light Sports, Beamish Museum, A Taylor Swift Event (Swiftageddon), Parkour, Catering and much more! All students will be allocated one activity of their choice for this day.

Students will be informed of their option on the 13th March 2024. The costs and number of students is dependent upon engagement from students and some trips may be cancelled to increase capacity elsewhere. We will announce additional activities for Festival Weeks in the coming months!

Would you like a chance to win a break somewhere in the UK?

As we announced at Christmas, our History Department are running a competition and are giving away a break somewhere in the UK.
Completely free!

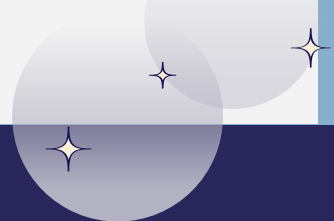

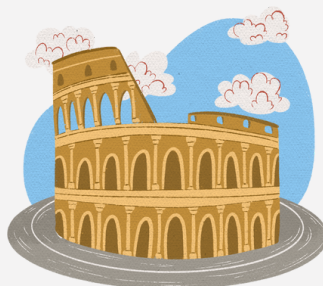

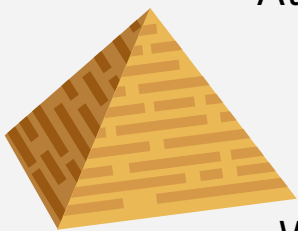

Researching, writing and presenting ideas about a historical theme or period, is one of the best parts about studying history!

To encourage this, all students are invited to enter the competition and create a piece of work which showcases their passion for history in anyway they like - it could be a painting, piece of writing, the more imaginative the better!

All entries to Miss Atkinson - Head of History

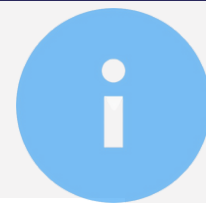

Deadline - 28th March 2024

Winner announced - after the Easter Break

Work experience week

Monday 10th June to Friday 14th June 2024

We are very excited to launch work experience week with our year 10 students.

What is work experience week?

Work Experience is a period of time where students work for/shadow a company or organisation to gain experience of a particular type of work.

Work experience can:

- ⇒ Provide your child with an insight into the world of work.
- ⇒ Give your child practical experience with an employer and allow them to develop their workplace skills.
- ⇒ Help your child to get a better sense of their future career path.
- ⇒ Enable your child to build a relationship with a local employer and make a lasting impression.

Sourcing a placement

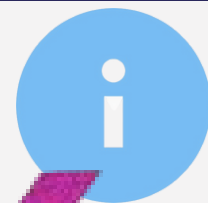

Students will be responsible for sourcing their own placement for this period. Please get in contact with friends and family to see if they can support your child for work experience week. Contact local businesses via phone or through their social media. If your child doesn't source a placement, they will be in school as normal for that week.

Your child will need to add all of the details of this placement to the Morrisby platform. They have been sent an email link to their consilium email account to activate this process. Students will all need to complete the aspirations survey first when they log on.

If you require any help/support at any time—please get in touch with Kelly Oakland—Kelly.oakland@consilium-at.com

Useful Information

Hot Water Bottles

It has come to our attention that a number of students are using hot water bottles to help ease cramps and pains. Unfortunately, the use of hot water bottles presents a significant health and safety risk in terms of risk of burns, heat related injuries and the potential for spillages of water.

Due to these risks we cannot allow hot water bottles to be used within the school building.

If your child wishes to use a microwaveable heat pack or adhesive heat pads these may be used but would need to be given to the main reception to be held until needed. Students will not be able to microwave heat pads themselves.

Medication

Students who require medication, prescribed or otherwise, must have a medication care plan in place. This can only be done by having a meeting with the Academy representative in terms of Administering Medication to a Child.

This meeting should be conducted in person by a parent or carer who will bring the medication in with them to the meeting. Unless specifically authorised on their medication care plan, students are not to bring or carry any medication in school.

All medication to be administered is to be held securely in the first aid room and administered by a suitably trained member of staff. Please contact our main reception to arrange a medication care plan.

Importance of Attendance at Washington Academy

Your child should be in school every day. There is a clear connection between exam grades and attendance, and we want to work with you to ensure our pupils reach their full potential. Every day really does count.

How you can help:

- Contact school daily to report an absence.
- If your child has a medical appointment, please ensure they don't have the whole day off and come into school before and after where possible.
- Communicate with the school if there are any issues at home we can support you with or that may be affecting attendance.
- Bring in medical evidence e.g. a prescription, appointment card, hospital letter. Whether the absence is authorised is dependent on their attendance record and the discretion of the Attendance Team.
- Only take your child on holiday during the allocated school breaks (which is 13 weeks per year) Fines may be issued if holidays are taken during school time.

We have an Attendance Team available to support you at all times, please do not hesitate to contact them by email on washingtonenquiries@consilium-at.com or call them on 0191 5804956

We hope we can work together to ensure your child receives the very best opportunities available to them.

Foster *with*
NORTH EAST

**Share your home.
Shape their future.**

Could you offer the right home, at the right time
for a child or young person through fostering?
Find out more at fosterwithnortheast.org.uk

Foster with North East is England's first regional support hub for foster carers, combining 12 Local Authorities from all over the North East of England.

We are looking for people with different experiences and backgrounds to care for babies, children and young people who are just as individual as our carers.

Whether it's fostering for a night, a week, a month a year or more, by sharing your heart and your home, you can shape a child's life and future for the better.

We're here to support you as you apply to be a foster carer and we look forward to working together to build better futures for children and young people in the region.

If you think you could share your home to shape the future of children and young people in the North East, we'd love to hear from you.

Online gaming and keeping children safe

Do you know your whispers from your skins? Your Fortnite from your EA Sports FC 24?

As part of the NSPCC Game Safe Festival, we're encouraging parents, carers and those working with children and families to have conversations about online gaming.

GamCare will be sharing expert advice, and you'll hear directly from young people.

Our webinar will help you:

- understand how young people game online.
- learn about tools and resources that support safe play.
- gain the knowledge you need to keep children safe.

Arguing better

Disagreements are a normal part of life. How you approach them can make all the difference to you, your partner, and your children. You will learn:

- How to recognise stress and how it can affect you.
- How to support each other through difficult times.
- What causes arguments and how to stop them.

FOR
NEW
PARENTS

Me, You and Baby Too

Learn how to navigate the changes that happen in a relationship when a baby arrives, including:

- How you and your partner can support each other.
- How to talk to bring up difficult topics.
- How arguments start, and how to stop them.

FOR
SEPARATING
PARENTS

Getting it right for children

When parents are separating or separated, children can often get caught in the middle. Learn how to manage conflict to minimise the impact it has on your children, as well as:

- How to stop a discussion from turning into an argument.
- How to stay calm and listen as well as talk.
- Skills for finding solutions and making compromises.

To access the courses, you will need a smartphone, tablet, or computer, and a good internet connection. They are all **FREE** to use, so you'll just need to select your local authority area and create an account with a username and password.

You can get started by scanning the QR code or visiting:
